Upcoming Work

Review ARCC Mission & Goals

Develop New ARCC Task Force Topics

Design Research: How is it defined? What methodologies are at play? What are the research measures for studio teaching? What lessons can be shared with our member institutions?

Public Health: How is the pandemic shaping new areas of research in the built environment, in the age of viral spread, physical distancing and virtual mobility?

Climate Crisis: What new domains of knowledge on the built environment arise when the climate crisis intersects with issues of race, class and gender?

Hybrid Reality: What new questions arise in the face of an emerging 'hybrid reality', reconfiguring social, political and economic relationships between technology, work and home?

Advance NSF Advocacy Initiative

Coordinate with a team of School Dean's and Director's to advocate for expanding funding lines toward architectural research

Improve ARCC Conference Guidelines

Peer-Review Guidelines, Revise Abstract Format, Conduct 2nd Post-Colloquium Assessment, Expand Conference Partners and Sponsorships

Advance Award Programs

Increase Graduate Student Support, Report out on King Medal Program, Conduct Early Assessment of New Awards

Review ENQ (Enquiry) Journal

Seek Ways to Increase the Impact of the ARCC Journal, Explore Partnership with a Publisher, Assess Financial and Editorial Implications

Improve Communications

Hire Website Consultant, Review Newsletter, Collate Mailing Lists, Continue to Improve Ways to Promote/Disseminate the Research Activity of Member Institutions
